## Non ho Windows 7: che fare?

Se non possedete Windows 7, non usate copie pirata. Potete scaricare una versione di valutazione di 90 giorni di **Windows 7 Enterprise** dal seguente sito Web: <http://technet.microsoft.com/it-it/evalcenter/cc442495.aspx> .

Inoltre, i più curiosi potranno scaricare una versione trial di **Windows Server 2008 R2** dal link <http://www.microsoft.com/windowsserver2008/en/US/Try-It.aspx> , per provare le nuove funzionalità di integrazione tra la piattaforma server e quella client.
